The Warm Home Discount Scheme

With colder weather around the corner, you may be thinking on how to keep your fuel bills low when you turn your heating back on. Did you know that you may be eligible for a £135 discount on your electricity bill through the Warm Home Discount Scheme? As with all schemes, there is eligibility criteria to meet. For this scheme, you qualify for the discount if on the 'qualifying day' (20 July 2013) your supplier was part of the scheme, your name (or your partner's) was on the bill and you were either:

- 75 or over and getting the Guarantee Credit element of Pension Credit (even if you get Savings Credit)
- under 75 and only getting the Guarantee Credit element of Pension Credit (you won't qualify if you also get Savings Credit)

If you need help to check your eligibility, you can call your energy supplier or me!! I can offer you information, advice and guidance on:

- Finding cheaper fuel deals and ways to reduce your bills
- Keeping your warm
- Understanding your fuel bills
- Bulk buying heating oil

Contact Sharon on 07974 741915 (messages left on answerphone will be returned), or email sharond@comfirst.org.uk

This is a free community based scheme and is not attached to any individual energy supplier
