**County Council:** County Councillor Brain submitted a written report which was tabled. In summary, Cllr Brain advised that he had attended a site visit at Wheethley on 23 September 2013. Also in attendance were WCC Highways officers and Mr Barry Lee of The Old Toll House – a property which had been extensively damaged by a Road Traffic Collision. The visit identified and resulted in recommendations being made with regard to extra signage, road surfacing treatment (coloured tarmac), re-lining and new crash barriers. Officers' recommendations will be put to the Capital Transport Seminar in January 2014; this would be supported by Cllr Brain. It was accepted that this location had not been the scene of any serious or fatal accidents in recent years which would normally activate such improvements, but were the consequence of one RTC which badly damaged a historical building, namely The Old Toll House.

At the same site meeting Cllr Brain said that, on behalf of the Parish Council, he had raised the issue of the black and white chequered warning sign opposite and at the junction of the B4088 (Dunnington Crossroad). The WCC officers had disagreed with the request to reduce the size of the sign with their rationale being that there had been a reduction in serious accidents occurring after its siting. Cllr Brain had responded that road usage had decreased since the opening of the A46 bypass, but they disagreed and stated that if it was reduced in size and a serious road traffic accident occurred they would be subject to heavy criticism - a fact which couldn't be disputed.

Members expressed their disappointment.

Following Cllr Brain's announcement of the County Councillors' Grant fund of £5,000 for his Division, he was pleased to report that two valid applications had been received from organizations within Salford Priors, which he was happy to support.

e. The Chairman closed the adjournment at 7.30pm.

## SALFORD PRIORS PARISH COUNCIL

Prior to the event they had been shown around the Parish and looked at sites being considered by prospective developers. As a result of this event seventeen residents have expressed an interest in forming a Neighbourhood Development Plan Steering Group.

It was estimated that the cost of establishing a Neighbourhood Development Plan would be between £12,000 and £16,000 and although external funding is available a commitment in the region of £8,000 from Council resources was needed

Members were then asked to consider three different options available to them with regard to progressing a Neighbourhood Development Plan.

Option 1 was to proceed with an NDP as a parish Council initiative

Option 2 was to discount the idea.

Option 3 is to allow interested residents to form an independent forum to take the NDP forward and for the Parish Council contribute towards it.

After Members had considered and discussed their individual concerns as well as the points raised by Cllr James for the instigation of a Salford Priors Neighbourhood Development Plan Cllr Littleford proposed that Parish Council proceed with an NDP as a matter of urgency as Option one and Members voted unanimously in favour.

- i. The Parish Council formally appoints a NDP Strategic Steering Group consisting of councillors and residents.
- ii. The Parish Council formally appoints a Project Manager to oversee the process.
- iii. The Parish Council applies to the Stratford on Avon District Council for Designation of the Parish as a Neighbourhood Development Zone.
- iv. The Parish Council formally appoints Kirkwells as its Planning Consultants and Technical Advisors to provide professional support.
- v. The Parish Council formally approves £4,600.00 (Four thousand & six hundred pounds) from reserves as an initial budget to allow the plan process to start.
- vi. The Parish Council create a Neighbourhood Development Planning page on its Web-site
- vii. The Parish Council circulate a notice of its decision to each household.

Members of the public expressed their pleasure with this decision by a chorus of ‘hear, hear’.

To start the process Cllr James proposed the designation of the whole parish. This was seconded jointly by Cllr Wright and Cllr Littleford, a vote was taken and the designation carried unanimously.

The next step would be to arrange a meeting inviting residents who had expressed interest to attend plus anyone else wishing to come along.

At: St Matthew's Church, Station Road, Salford Priors, Evesham WR11 8UX

For: Mr Peter Penney (Church Warden)

Cllr James expressed concerns re the felling of the Yew trees marked T1 and T2 as the applicant was using a report dated February 2004 and an observation made at Item M in that report. No new evidence had been provided that the trees were causing damage to the north entrance porch. Additionally Cllr James said that Yew trees were traditionally found in Churchyards and these trees fitted in with the landscape of the Churchyard and the Church, which was an Anglo Saxon building with a Norman Tower. They should be protected.

It was noted by Members that the Salford Priors Village Design statement says that trees should be preserved, maintained and numbers increased. No plans had been made for replacement planting.

Cllr Wright proposed an objection to the application be lodged and this was seconded by Cllr Littleford.
