

Agenda Item 8a6.

PROW Report – Mr Alan Green

Completed condition survey of footpaths finding that most of the paths are in good condition with just some minor clearance works to be carried out.

Some general maintenance has been carried out such as footpath clearance.

I attended a meeting with two members of Gt Alne Parish Council to explain how we maintain, in partnership with Warwickshire County Council, our network of Public Rights of Way. They were also keen to hear about our Greenway/Cycleway project, as they are considering a similar project.
