

Customer Connection Offer Breakdown

Scheme Title: u/g serv con defib A4088 evesham wr11 8sl

Enquiry Ref: 5128998

Scheme: 1915907

Version: 1

Date of Estimate: 13/06/2024

Designer: Ian Culbert

Summary

Fees	£142.00
Non-contestable connection works	£0.00
Contestable connection works	£3,138.02

Sub Total **£3,280.02**

Total Connection Charge excluding VAT **£3,280.02**

Fees	Fees Cost
Assessment and Design	Single LV Service Demand Connection
	£142.00
Fees Sub-Total	
	£142.00

Description of Works	Quantity	Non-Contestable Charges	Contestable Charges
Low Voltage Cable			
Install Cable in Footway/Roadway (Mtrs)	5	£0.00	£636.72
Install Cable in Unmade Ground (Mtrs)	25	£0.00	£1,536.70
Single Phase Service Cable (Mtrs)	30	£0.00	£116.89
Works Sub-Total		£0.00	£2,290.31
Low Voltage Jointing			
Joint - 95/185 mm ² 3 Core Wavecon Main 1 Phase 1 Service (7.601 MB1/2)	1	£0.00	£556.37
Local Authority Permit Charge	1	£0.00	£206.86
Works Sub-Total		£0.00	£763.23
Service Termination			
Street Light Fixed Cost Cutout	1	£0.00	£84.48
Works Sub-Total		£0.00	£84.48
Works Total		£0.00	£3,138.02

Notes:
 Our charges include labour and materials as appropriate
 VAT is not included in any costs in the Customer Connection Offer Breakdown
 "LV", "HV", or "EHV" described within the Fees section above denotes the highest voltage of assets installed or worked upon including any associated reinforcement or diversionary works

Glossary	
Extra High Voltage	In relation to this breakdown this is typically equipment operating at nominally 25,000V, 33,000V, 66,000V, and 132,000V
High Voltage (HV)	any voltage exceeding LV. In relation to this breakdown this is typically equipment operating at nominally 6,600V and 11,000V
Low Voltage (LV)	a voltage up to 1000V phase to phase, or 600V phase to earth. In relation to this breakdown and supply voltage this is nominally 400/230V
Contestable	is work that may be carried out by National Grid or by an accredited independent connections provider
