OFFICIAL

Dear Mrs Bowles,

We have been informed by the Street Lighting Team at Warwickshire County Council, that one of the Vehicle Activated Signs (VAS) on Evesham Road, near to Cedar Cottage is currently not working.

According to our Policy on VAS which was ratified at Cabinet in September 2022 (enclosed for information), we have checked to see whether the sign has had any beneficial effect on reducing personal injury collisions by comparing data from before and after sign installation. This has not been the case in this instance.

Furthermore, we are pleased to report that the recent Personal Injury Collision history at the site is good and would not warrant the installation of a new sign. In these situations, our intention is to remove this non-working VAS. However, the Policy also provides an opportunity for local communities to retain VAS by providing funding to Warwickshire County Council for the sign's ongoing maintenance and repair. We are enclosing a copy of the agreement which would enable this process. If this is something the Parish Council would be interested in pursuing, please contact us at this email address to proceed.

We trust that you find this information useful and look forward to hearing from you with regards to this.

With Kind Regards,

Karen

OFFICIAL

Morning,

V261 has been reported as not working, can this be repaired/replaced or offered to the PC?

Kind Regards,

Street Lighting Engineer
